Convention Anti-war-Clause Contracts & Republic Netherlands law; Space-proof

This Treaty is also called:
Anti-Fire-treaty, Space-proof.

to
UNSG AntonioGuterres

**This Treaty & Republic Netherlands law are
written by DésiréeElisabethStokkel.**

By the letter of the law the InterimPrimeMinister for the Netherlands since 18nov2016.

A Future-bringers' prediction for the Evolution of Social Intelligence on Planet Earth.

Anchored in the new Constitution Republic NL.

Put into power by decree by DésiréeElisabethStokkel on 18nov2016.

A Fairtrade & eco Constitution for the foundation of the 1-Persons-toko in politics & justice.

<http://www.desireestokkel.nl/uploads/5/6/2/4/56243847/constitution.republic.nl.2014.2016.icc.parliament.judiciarycouncil.lobby.king.13jan2016.pdf>

The People on Planet Earth face a prodigious problem caused by the United Nations.

UNSG AntonioGuterres travelled to The Netherlands in december2017 to anchor his private

freedom for corruption & murder in the Dutch Monarchy, the Parliament of the Kingdom the Netherlands and the InternationalCriminalCourt., resulting in 'being a member of the Italian Maffia in Palermo'.

This means in legal terms:

UNSG AntonioGuterres personally refuses to conduct the United Nations Charter – Torture treaty – Humanright treaties – other Treaties, for all civilians on Earth. And he misuses the Dictatorship The Netherlands as office for organizing his personal violations of Humanrights & Warcrimes.

UNSG AntonioGuterres in his UNSG-Labourcontract, has following legal obligations in accordance with the Torture treaty:

- **To protect the Dutch people against 'a life in Dictatorship Kingdom the Netherlands'** = to assist the people with the removal of the 100% criminal King in Holland, because it is the King who signatures all laws & treaties which determine the legal obligations for the people in the Kingdom the Netherlands & World, in accordance with the Constitution. The Dutch people can not obey a Mass-murderer / Serial-killer King; not even on request of the Members of Parliament – District parliament – Municipal – Police – Defence – more... NL-civilians are being killed in a hidden World = their boddy is lobbied into the oven.
- **To guarantee the Dutch people, and all Civilians on Earth, the Entitlement to Justice.** This means that UNSG Guterres has the obligation to download & install the Republic Netherlands for all People, and to upgrade it for dailly use. 24/7. UNSG Guterres has the obligation to remove all criminals according to the Torture treaty.

UNSG AntonioGuterres takes sides for the Dutch Royal Family who is strongly befriended with the Italian Maffia in Palermo. With the consequence that King Willem-Alexander..., who signatures all laws & treaties for the Dutch people and other Civilisations ... maintians to conduct his criminal methods of work... He willfully blocks & sabotages the Entitlement to Justice for the Individual civilian & Organisations. King Willem-Alexander has no sence for decency, or respect for Justice... and is fine with the fact that all persoons who participate in the anti-Maffia in Italy are being tortured – killed.

The Dutch Monarchy forces civilians to live & work in a lawless nation and approves of the situation that these victims residence a whole lifetime long in hel and will die in hel..... The parliament and Monarchy have made sure that the InternationalCriminalCourt, located in TheHague Holland... support the Dutch Monarchy with the hidden and public torture – murder on Individuals + causing damage / demolition of Organisations. According to the latest calculations on behalf of the people, the NL-Monarchy costs about 350 million euro Taxmoney per year.

UNSG AntonioGuterres supports both: the Dutch Monarchy and Parliament of the Kingdom the Netherlands with its CriminalJudges who select Individuals for Hidden murder and makes smaller Oranigsations go banckrupt..... Next to his UNSG support for organized torture – murder conducted by the ICC-personnel, what intensifies the NL-demolition-proces.

From 1 january2018 on I – InterimPrimeMinister DésiréeElisabethStokkel – have taken over power from UNSG AntonioGuterres, now I am the only person on Planet Earth who owns the legally valid evidence that proves the personal corruption & freedom to murder on behalf of UNSG AntonioGuterres.

<https://www.republiek-nederland-18nov2016.com/uploads/5/6/2/4/56243847/icc.unsg.2018.ipm.desireestokkel.ru.jp.ir.nk.cuba.29dec2017.pdf>

Statemembers of the United Nations refuse to stop Dictatorship Netherlands actively; they do not conduct the UNcharter – Torture treaty – Humanrights treaties.

They make me fight against a murder attempt on my body.
Due to this fight, I am forced – while being kept lawless – to restore the State of Law the Netherlands and to remove the criminals.

UNmemberstates keep the DictatorshipNL alive next to the RepublicNL for the making of contracts they want to own in this Lawless Tradeclimate .
The fact that civilians are being tortured – killed during the proces of contract-making is irrelevant to them.

The means in legal terms:

I – Désirée Elisabeth Stokkel – can , thanks to the criminal method of work of UNSG Antonio Guterres and all UNmemberstates with their criminal Presidents & Embassadors... implement & conduct all laws & treaties I want to guarantee for the People on Earth.

I – Désirée Elisabeth Stokkel – determine that all laws & treaties which I produce & put into power by decree via the criminal UNSG Antonio Guterres, the Embassy of Portugal & pd@un.org, are right now legally valid for all People.

Each Individual civilian & Organisation in each UN-memberstate has the legal obligation in accordance with the Torture treaty:

To conduct all laws & treaties which I – IPM & UNSG – put into power by decree. 24/7.

Presidents – Embassadors and other persons on national territory of the UN-memberstate against whom I started an ICCLawcaseNL – must be removed from their labourcontract: they must be replaced with new Presidents – Embassadors – Persons in the labourcontract who do conduct the UNcharter – Torture treaty – Humanrights treaties.

The Convention Arbitration for Problem-solving Justice is no longer a Draft Treaty within the United Nations;

it is now a complete legally valid Treaty all civilians & organisations must conduct.

Inherent to this legal fact =

The Convention Anti-war Clause Contracts/ Anti-Fire-treaty, Space-proof & Republic Netherlands law is to be implemented & conducted from today on. 24/7. In All contracts on Planet Earth.

UN-sanctions

Within the system of the United Nations, sanctions can not be put into law or action by UNmemberstates who support UNSG Antonio Guterres with the building of Dictatorship Netherlands and his private corruption & freedom to murder via the International Criminal Court.

Unless I – Désirée Elisabeth Stokkel – in my legal position as UNSG want to exercise UN-sanctions; this window of opportunity is closed.

We, the inhabitants of the Netherlands,
are united in faith in our intelligence & self-efficiency.
Visible and touchable in equality between people and organizations.

We build our nation in the Human rights & freedoms of the Fairtrade & Eko economy.
Technology is a product developed by mankind and inspires and encourages us to
build this lifestyle, but it will never overrule mankind.
The nation the Netherlands on Planet Earth,
will be passed on to the next Dutch generation children still to be born.

Visible and touchable in equality between mankind and nature.
It is expected of highly developed intelligent civilized Citizens in the Netherlands to
apply the full Constitution 2014-2016 voluntarily and legally correct for problemsolving
in daily lives.

UN-treaty Anti-war-Clause Contracts / Anti-Fire-Treaty, Space-proof

The State parties to this Convention:

Provide in contracts between the People, which guarantee an Anti-war lifestyle, on Earth and
in Space for each Individual & Organisation.

This Convention determines the methods of work of each Individual & Organisation on Earth
and in Space.

And will be conducted by the Netherlands – Worldwide – Spacewide, with the targets:

- To stop the War-makery on Earth and in Space.
- To anticipate on Fire-risks & Fires on Earth and in Space, caused by UNmemberstates
who damage Space-products of their own and those of other fellow UNmemberstates;
launched into Space by themselves or one of the fellow UNmemberstates.

under manipulation by UNmemberstates-Criminals.
- To replace DictatorshipNL with the RepublicNetherlands.
- To make the InternationalCriminalCourt operate like a fair CriminalCourt anchored in
the UNcharter – Humanrighttreaties – Statute of Rome + other Conventions.
- To determine the legal position of the International Court of Justice, inherent to this
Convention Anti-war-Clause Contracts / Anti-Fire-treaty, Space-proof.

This Convention will be conducted by all UNmemberstates, with the targets:

- Standardization of International law = each UNmemberstate works with – preferably –
the identical Punishment-system against violations of the Constitution + National law +
UNcharter + Torturetreaty + Humanrighttreaties + Anti-Fire-treaty, Space-proof.
- The removal of all time – energy - money wasting bureaucratic legal procedures from
the current Justice-system for the punishment of Civilians & Organisations.
- To simplify the thinking – & behavioralpatterns for the Individual civilians &
Organisations in relation to punishments.

By fine-tuning the methods of work inherent to the Convention Anti-war-Clause Contracts /
Anti-Fire-treaty, Space-proof – and in case of a conflict – the conflicts will be judged upon by
the Arbitration-courtsystem, with its legally obliged procedure Problem-solving solution for
Conflict-ending. Problems will be kept small and solutions for problem-solving will be
conducted on shorter timelines. Civilians can no longer sabotage the proces of the legally
correct lifestyle anchored in the Constitution – National law – UNcharter – Torturetreaty-
Humanrighttreaties – Anti-Fire-treaty, Space-proof.

Clever persons can make a lot of money thanks to this Convention.

Article 2 Anti-Fire-obligation inherent to Space-products

1. Space-products wear out – are in need of maintenance & repair – fall still – need to be recycled.

Space-products can be sabotaged by manufacturers with Evil Targets, with the aim to cause

Pain & War to Mankind – Nature – Earth – Space. Fire & Demolition of Specimen of Nature & Space are the first Security – & Safety-risks that occur. The start of a Fire-risk or Fire in a Space-product must be prevented with all available tools & measures, in Space and on Planet Earth.

Example:

UNmemberstates' corrupt Politicians and their corrupt Friends sabotage the Satellite of another UNmemberstate for reasons of Sadism – Espionage – Demolition – the War-makery & War. This results in Fires in the Space-product system. These Fires in Space-products in Space, also cause Fire-risk & Fires on Earth, in the products that depend on the methods of work of the Satellite in Space. **This is a Warcrime.**

This type of Warcrime can be prevented with the Anti-war-Clause added to each Legal Contract on Earth; every Contract determines that warcriminals in Space who sabotage Space-products, will be punished.

2. Space-products which can't function to the best of their possibilities, cause Fire-risks. All UNmemberstates – Individuals – Organisations are legally obliged to handle Space-products in a way that they will not cause Fire-risks or Fires. They produce and use the manual for handling a Technology-device inherent to a Space-product, correctly.
3. Space-products which function free of risk or at a minimum of risk for Mankind – Nature – Earth – Space, can be sabotaged by UNmemberstates – Individuals – Organisations, with the aim to damage the correct functioning of the Space-product for Evil Targets.

 - b) An Evil Target in connection with the functioning of a Space-product, can be conducted by each UNmemberstate – Individual – Organisation, who refuses to exercise the National Constitution – UNcharter – Torturetreaty – Humanright treaties – the Anti-war-Clause Contract / Anti-Fire-treaty.
 - c) The manufacturer of the Evil Target who causes damage to a Space-product for reasons of Sadism – Espionage – Demolition – the War-makery – Greed – all kinds of Emotions, will be punished **with** one year in prison, plus the obligation to conduct a payment for the Damage caused to the UNmemberstate – Individual – Organisation who suffers due to the Security & Safety-risk.
 - I. The manufacturer of the Evil Target that changes the methods of work of the Space-product with the aim to bring fellow UNmemberstates – Individuals – Organisations into Pain & War, will be held accountable for being this manufacturer of the Evil Target.
 - II. The UNmemberstate – which is the place of residence for the manufacturer of the Evil Target – is accountable for the criminal behavioral-pattern conducted by the manufacturer of the Evil Target. This UNmemberstate, where the manufacturer of the Evil Targets resides, is obliged to punish this Individual & Organisation.

UNmemberstates' corrupt Politicians and their corrupt Friends, can be the Big Criminal Brain behind the Pain & War caused by sabotaging the methods of work of a Space-product – and Technology-devices inherent to a Space-product –. In this **Crime-file**, other fellow UNmemberstates – Individuals – Organisations are legally obliged to conduct the National Constitution – UNcharter – Torturetreaty – Humanright treaties – the Anti-Fire-treaty... and to make sure that the President – Heads of State – Members of Parliament – Criminal Judges – other Criminals involved in sabotaging the functioning of a Space-product, on the territory of that UNmemberstate --- or on the territory of the UNmemberstate where the victim resides---, **will be punished** for sabotaging the functioning of a Space-product.

Article 3 Anti-Fire-obligations & Business-obligations for Civilians

1. **All Organisation on Planet Earth and in Space add an Anti-war-Clause to all their Contracts.**
 - a) Meaning: They make perpetrators who are guilty of sabotaging the functioning of Space-products legally accountable for all the consequences that spring from Damaging & Demolishing Space-products. And they announce this legal activity in all contracts.
 - b) **Nobody is legally obliged to be a criminal!**
There is No Time for self-pitty left on Earth.
2. Civilians in a UNmemberstate live & work with Technology. This Technology can be Satellite-stored, and can therefore burst into flames, despite the fact that the owner of the Technology - device conducts the manual correctly.
 - a) Civilians who do live & work with a Technology-device correctly, as instructed in the manual for that specific device, are legally obliged to report sparks coming from the device, to the manufacturer / sales person / sales organisation of the Technology device.
 - b) Civilians who do conduct the instructions for the Technology-device correctly and do register sparks coming from their device, but do not report this to the manufacturer / sales person / sales organisation, lose all rights for a Damage-claim. **Are they corrupt warcriminal?**
3. Civilians are legally obliged to exercise all instructions for a safe use of a Technology-device, coming from the manufacturer / sales person / sales organisation that supplied the Technology-device to them; all Anti-Fire-instructions must be put into practice immediately, in order to anticipate on a possible outbreak of a fire in the Technology-device.
4. Civilians are obliged to conduct the national laws of an UNmemberstate in case of emergency situations caused by Technology-devices.
5. In accordance with the UNcharter – Torture treaty – Humanright treaties – the Anti-war-Clause Contracts Convention / Anti-Fire-treaty, it is forbidden for Civilians & Organisations to participate in warcrimes, on Earth and in Space.
 - a) It is a warcrime to assist an UNmemberstate – Individual – Organisation with sabotaging Space-products (like Satellites); even when this type of sabotage does not cause a Fire in a Technology-device in hands of Civilians, inherent to the Space-product.
6. Civilians can conclude that an UNmemberstate – Individual – Organisation participates in the War-makery & Wars, with the aim to manufacture Evil Targets sneakily, inherent to Space-products and Technology-devices they own.

Civilians are being afraid that they are sneakily being misused to cause Pain & start Wars for the extermination of fellow Civilians, through the devices in their hands.

 - a) In this scenario the Civilian is legally obliged to publicly inform other UNmemberstates about the Fire-risk / War-risk, in their live & work, caused by the UNmemberstate they recognize as warcriminal in Space. In case the manufacturer / sales person / sales organisation refuses to operate legally correct.
 - b) Civilians turn to the Embassy of an UNmemberstate who is most likely **not** involved in the Pain-production & War-makery of an another UNmemberstate, who does misuse Technology-devices of simple Civilians / Customers for Espionage – Demolition – Blackmail – more Criminal activities. Civilians demand an ICJ-lawcase between UNmemberstates to stop the warcrimes.

Article 4 International Court of Justice & International Criminal Court

1. **ICJ**

Each UNmemberstate who is being confronted with the Pain-production & War-makery through Space-products and Technology-devices inherent to these Space-products, conducted by a fellow UNmemberstate, is legally obliged to start an ICJ-lawsuit – International Court of Justice lawcase – against the UNmemberstate who produces / damages Space-products for Pain-production & War-makery on Planet Earth and in Space.
The goal for life during this Court-trial is to stop all types of crime, inherent to Space-products.
2. **ICC**

While writing this Anti-war-Clause for Contracts Convention, the InternationalCriminalCourt -

personnel is a Criminal gang on its own merits; and with the support of Evil UN-rulers.

In current state the ICC is not open for the Civilians – Organisation on Earth, who need to legally defend themselves against Space-product-Crime conducted by UNmemberstates who do not guarantee Acces to Court + excecutable Court-verdicts + Sound Governance + Trustworthy & profesionally working Parliament + legally correct operating Police & Defence systems.

1. Firstly, DésiréeElisabethStokkel must clean up the 100% corruption between Dictatorship Kingdom the Netherlands and ICC-personnel.
2. Secondly, DésiréeElisabethStokkel must clean up the EuropeanUnion & UnitedNations – politicians who misuse the ICC-corruption as a murder-weapon in their private life and at work.
3. During her life , DésiréeElisabethStokkel will found the Space-Earth-Justice-system for Commercial businesses.
4. Once the Netherlands is for all Individuals – Organisations on Earth and in Space a RepublicNetherlands, the People on Earth will be better protected against Evil-manufacturers who have already started a Space-war 2018.
 - a) This means: UNmemberstates already try to sabotage eachothers Satelites in Space, ignoring the Fire-risks & Fires this will cause on Earth.
5. From the day the InternationalCriminalCourt operates like a fair court of law, in favour of all Civilians on Earth, each Individual – Organisation will be able to defend itself against Evil-manufacturers in Design: UNmemberstate.
Planet Earth is lost, when ICC is not turned into a fair InternationalCriminalCourt, on a very short timeline.

Private note from the Anti-Fire-treaty, Space-proof, Designer DésiréeElisabethStokkel:

I sure hope, that UNmemberstates who turn Space-products like Satelites into Matches on Earth, will cause their own private Technology-devices to burst into flames first, while they try to sabotage Space-products of other Nations – Civilians.

We do have a Triga-problem in all Industries on Earth and in Space: Health – Finances – Transport – Agriculture – Food production – ICT – Justice – more... can easily turn into Chemical disasters that exterminate Nature. **Mankind included; dictators tend to forget this.**

The time that it is FUNNY to keep ICC a murderweapon in hands of UNmemberstates' corrupt Politicians & more Criminals... is over. 'You don't know who your friend or enemy is, without an Anti-war-Clause Contract'.

Article 5 Put into power by decree

I – UNSG & IPM DésiréeElisabethStokkel – put this Covention Anti-war-Clause Contracts / Anti-Fire-treaty, Space-proof into power by decree, submitted to the criminal UNSG AntonioGuterres – Embassy of Portugal in Thehague – and PD@un-org. The FIOD in Holland receives this print with my signature.

FBI, please do my job: 'Make sure that all foreign Embassies to the USA – and all NL Businesses in the USA – reveice this new Anti-Fire-treaty and put it to work in all contracts on Earth ... and in Space...'. Streetwars in NL & Worldwide, intensify at the moment, caused by ICC-murdergames.

DésiréeElisabethStokkel
