NLF-Reader connected to the Int.Criminal Court,

This email will be published on www.newlegalframe.com

**Nato/Coalition-countries who want a civil war in Libya, have already made clear:
'We can live with the fact that the Int.Criminal Court
never prosecutes against Kadhafi, as long as Kadhafi disappears'.**

David Cameron has donated 'money for the victimfunds'
in order to keep himself out of ICC-prison.

This situation proves how Presidents/UNsc/ misuse the Int.Criminal Court as political tool,
for murder & weapon-supplies.

USA want to supply weapons to the Rebels of Libya.
During the Balkan-war USA also supplied weapons to rebels, sneakily.

These weapons are now bought by the European-drugs-world, for a price of 300 euro per piece.
See TV5monde on EU-drugscrimers.

ICC is a Giga-laundry-service for criminal politicians and is 'happy' to build war in Europe.
