Offer Aung Suu Kyi home & job in Russia

Dmitri Medvedev ,

I know that Aung Suu Kyi can leave Myanmar today, so she can stay the rest of her live with her family in UK. But she doesn't want to leave her country for a family-life.

I think 'something needs to be done'.
Russia has to offer Aung a home & job = send her around the world with Putin...

Of course, she can't go back to Myanmar anymore, but she can 'learn to become am Intercontinental politician'.

China can't ask Aung Suu Kyi to stay with them, because Myanmar is with China and against USA.

Aung Suu Kyi needs to be 'educated'.
