Open Brief / Open Letter to

Royal family in England

Queen Elizabeth has to stop DrSirPaulmccartney's Tyrant-behavior

19 april 2009

Queen Elizabeth,

You made James Paul mcCartney – Beatle – one of your Knights.

**You need to evaluate his contribution to your Kingdom.
In my opinion he doesn't live up to his chivalrous obligations.
Over the past 9 months he has made a Tyrant out of himself...and enjoys it....**

You have been reading my websites.

Update on mcCartney is available on <http://www.newlegalframe.com/NLFbehaviorPaulmccartney.html>

My request to you:

'Please take away privileges of being an UK-Knight from James Paul mcCartney, until he behaves like a fair normal kind-hearted man who wants to build good-practices again'.

- **When he behaves like a normal individual, accepting his legal responsibilities when he wants to be involved with lives of war-victims & aid-workers, you can give him his Knighthood back**

Will you do something else for me?

Will you ask Cliff Richard to support:

- <http://www.actionaid.org.uk/>
- http://www.landmines.org.uk/about_no_more_landmines
- http://www.mariestopes.org/Health_programmes/Family_planning.aspx

They are all linked on my website, waitig for a miracle to happen for Justice

Being one of your other UK-Knights, Cliff Richard can make up for damage mcCartney has caused.

Last but not least:

**Your grandsons William & Harry need a Dutch mother too, occasionally.
Especially, now the International Criminal Court works like a Hitler-court where war-victims are being tortured & killed under supervision of UN Ban Kimoon, EU & NATO.**

Charles is more fair and 'Down to Earth' than the NL Royal family is with Fair trade & Eko.
He needs to get into the heads of the NL Royal family before its too late

- NL will implode very soon and we will have a violent parliament after Elections, now our MPs want ICC to be a Hitlercourt
- Queen Beatrix does not anticipate on this.
Maxima & Willam Alexander – and other kids – behave like Dicator-Barbiedolls...

Somebody has to stop the war-building of NL-government!

'I felt relieved when England refused MP Geert Wilders acces to the UK, because UK proves 'that they can work with human right-treaties to protect a nation against war'.

Downsize Dr Sir James Paul mcCartney, please....

Have a straightforward day,
