Russia, Mikhail Prokhorov, FBI, Interntional Criminal Court, NLF-readers,

Thank you for not voting for Mikhail Prokhorov.

He must build his NewLegalFrame-party first....

And marry Me before he may become a Kremlin-president.

Putin needs the implosion of the EU-economy and the breakdown of EU-courtsystems in every nation... in order to survive at the President.

He needs wars for raw-materials... and he will keep the Int.Criminal Court a Hitlercourt that keeps him above the law...

I will not email the Kremlin anymore, because Putin tries to murder me

This is my last email to the Kremlin.

FBI is informed about my acts.
