Open Brief / Open Letter to

Worlds' Presidents.... ... refuse to educate themselves on psychology...

Happy dictators in parliament make Earth lawless.

30 april 2009

NLF-readers,

As long as Members of Parliament refuse to put legal construction on the table which are inherent to the (wished) government policies, there will never be enough food & peace on Earth.

Talks within EU, UN, NATO, AU & all other groups are only anchored in 'wishfull-thinking'.
Never in a legal-construction that can be implemented by the people instantly.
Never in the reality of implementation of government-policies per state of law.

Every nation has to put their own national legal construction on the table next to the compromisses in policies achieved by all nations together in EU...enz.....

Talks within EU ...enz... are too superficial. And this causes war, especially when highly important future-facts are being ignored.

Like:

- **In 2050 we will have 9 billion individuals on Earth. Where to do we grow food needed? Even today we can't feed all people. And how are we going to secure our policies with legal-constructions? For which courts of law?**
- **In 65 years time the sea-level has risen 4 meters, not 0.90-1.50 meter as many expect. EU will be gone! How are we going to anticipate on this disaster? A clear view on Policies, NLFs & courts of law is needed – instantly - to make sure every nations takes necessary measures as soon as possible.**
- **We need to remove salt from sea-water and bring it to desert today, not next year... How are we going to collect & distribute expertise? This is already available but not implemented on a extremely large scale. How are we going to make sure that individual nations do not sabotage 'the Greenery for Earth'?**
- **Which policies, to be anchored in which NLFs and courts of law do we have to use?**

Parliaments are too childish to anticipate on enormous natural disasters to come!

NLF-readers,

Zolang Parlementsleden weigeren juridische constructies op tafel te leggen welke inherent zijn aan (gewenst) overheidsbeleid, zal er nooit voldoende voedsel & vrede zijn op Aarde.

Gesprekken in EU, UN, NATO, AU & alle andere groepen zijn alleen verankerd in 'wishfull-thinking'.
Nooit in een juridische constructie welke door het volk per direct kan worden geïmplementeerd.
Nooit in **de** realiteit van implementatie van overheidsbeleid per rechtstaat.

Elk land moet hun eigen nationale juridische constructie op tafel leggen naast de behaalde compromissen in beleid van alle landen te samen in EU...enz...

Gesprekken binnen EU...enz... zijn te oppervlakkig. En dit veroorzaakt oorlog, zodra uitermate belangrijke toekomst-feiten worden genegeerd.

Zoals:

- **In 2050 hebben wij 9 miljard individuen op Aarde. Waar telen wij het benodigde voedsel? Zelfs vandaag de dag kunnen wij niet alle mensen voeden. En hoe leggen wij ons beleid vast in juridische constructies? Bij welke rechtbanken?**
- **Over 65 jaar is de zee-spiegel 4 meter gestegen, niet 0.90-1.50 meter zoals velen verwachten. EU zal verdwenen zijn! Hoe gaan wij anticiperen op deze natuurramp? Een heldere visie is nodig – per direct - voor Beleid, NLFs & rechtbanken... om er zeker van te zijn dat noodzakelijke maatregelen worden genomen per land, zo snel mogelijk.**
- **Wij moeten zout uit het zee-water verwijderen en dit vandaag nog naar de woestijn brengen, niet pas volgend jaar... Hoe gaan wij expertise verzamelen & distribueren? Dit is al beschikbaar maar niet geïmplementeerd op extreem grote schaal. Hoe zorgen wij ervoor dat elk individueel land 'deze Tuinkas voor Aarde niet saboteert'? Welk beleid, verankerd in welke NLFs & rechtbanken hebben wij nodig?**

Parlementen zijn te kinderachtig om te anticiperen op enorme te verwachten natuurrampen!

24 april 2009

NLF-readers,

Members of Parliament don't have a 'scientific thinking- & behavioral pattern'. They can't adjust to an exploring & coöperative attitude, aimed at building the nation together with the people.

And they don't want to build, as long as a parliament exists of various political parties.
Enjoying to overrule each other with 'stupidity for an image in the media'.
The people's need for 'Evolution in Intelligence' is boycotted.

Politicians lack knowledge on Psychology.
Therefore they can't communicate for problem-solution.
They only thing they can do = distribute 'image-building'.

Every nation needs a Business-parliament, where participans live & work like 'avarage human beings'. Appointed for their skills.

NLF-readers,

Parlementsleden hebben geen 'wetenschappelijk denk- & gedragspatroon'. Zij kunnen geen onderzoekende & samenwerkende houding aannemen, teneinde samen met het volk het land te bouwen.

En zij willen ook niet bouwen, zolang een parlement bestaat uit veschillende politiek partijen.
Die veel plezier beleven aan het tiranniseren van elkaar met 'oeningheid voor een imago on the media'.
De behoefte 'Evolutie van Intelligentie' bij het volk is geboycot.

Politici hebben gebrek aan kennis van Psychologie.
Daardoor kunnen zij niet communiceren voor probleemoplossing.
Het enige wat zij kunnen = 'distributie van imagobouwen'.

Elk land heeft een Zaken-parlement nodig, waarin deelnemers leven & werken als 'gemiddelde mensen'. Benoemd voor hun vaardigheden.

5 april 2009

NLF-readers,

I could not write for a few weeks; needed 'an overview' on TOPs for Presidents....

I shall try to explain why all these talk result into more LAWLESS-people, worldwide.

Afghan-top

- Afghan-people were very disapppointed in the results
Afghan-people complain about the fact that fundamental human rights are not anchored during this top = HRs are 'free -available or missing' = people can't count on their HRs or work with it.
- Politicians speak of 'a succes'. How can this be?
The whole Human Rights-topic is carefully arranged by NL.
The day has only 7 workhours, so the agenda can be manipulated.

Their may not BE serious talks about HRs, because the world may not discover that there's an ICC-case against NL or that ICC is a highly corrupt Lobby- & Assasinationcentre on command of EU, UN & NATO.
Maxime Verhagen - and MPs - read my websites an want to steal all my info for their NEW policies in parliament... so they prove to the world that they have changed for the

better... and that my ICC-case is almost 'irrelevant'.
LAWCASES AGAINST MPs ARE SUPPOSED TO BE INFERIOUR GOODS & SERVICES
= people may never become smart enough to defend themselves within ICC or ICJ.

- When you go to the website of MinBUZA, you read: 'Verhagen has stopped a discriminating new Afghan-law for woman' = Afghan-parliament may not discriminate women

This is the way NL works! Happy Dictators in power.

Balkenende & co don't talk to people, don't want to know what people need to survive. Then they write speeches or come up with NEW policies that prove that they have been listening to the people...

Or they publish reports to prove to the world 'that NL has improved implementation of HRs abroad...and that people have a better lives thanks to NL' = liars-propaganda, meant to overrule people who have to live in agony for NL-MPs-dictators

For Afghan this means 'that Balkenende & co prove that they want Afghan-people to have fair law'. But the BASIC FACT is: 'Balkenende & co support, finance & educate corruption via NATO into the Karzai-parliament. People excluded.....'

NL makes up stories about Law & Justice to implement.

Another example.

Minister of Agriculture Gerda Verburg announced that she will invest 5 million euro in the education of Agriculture in Kabul and other regions.

Is this money given to the Karzai-parliament, or does NL open a NEW SCHOOL for Agriculture in Kabul? I can't find the answer!!!!!!

- When 5 million is invested in the Karzai-parliament for Agriculture, most of these euro's will disappear in corruption. Example: Disappear in newly build 1 million euro Residences for Afghan-politicians financed with NATO-money.

When NL builds a NEW SCHOOL itself, you will get the scenario I already explained for Africa in my ICC-paper of 1 september 2007.

You get education, you will improve your businesses.... **BUT....**

When you are finally a self-supporting money-maker, NL will start to dump goods, services & pollution on the Afghan-soil. You have to clean up NL-waste & -litter.

Meaning:

Afghan-people will not have workable laws or access to fair Int. Trade or Justice.

Therefore it's possible for NL to blackmail the Afghan-parliament with import/export regulations

= Afghan has to stay CHEAP/ LOW

IMPORT-TAXES because NL once invested 5 million euros in the education of Kabul-farmers

= Afghan has to repay all these

investments, with a profit
= Officially, its forbidden to export goods & polution abroad from Rotterdam Mainport/ Schiphol, but the security is LOW...so ships/plains will departure anyway

- Do you get the message? I think you do....
No matter which route you take, Simple People will have to pay with their lives, now or later.

NLF-Solutions for Afghanistan

- **Accept ALL euro's you can get!**
- **Work with TRUTH, it will save your live**
 - **You have to publish the results of ALL practices on a website.**
Show the world the good & bad results, weekly.
 - **This will give people – like me – the opportunity to bring you justice and help you clear away corruption.**
Corruption of NL-MPs in Afghan, needs to be cleared away with ICC- or ICJ-lawcases. Lobby within the EU & UN will only cause MORE corruption... The longer the lobby-path is, the more hel you will have...
 - **Prepare the Kabul-farmers for the final results = one day they have to pay back the investment to NL. This will stop some of the lies of NL-MPs.**
 - **Publish ALL contracts you close with NL-investors on a website.**
Explain why you accept money, goods & services for which goals for life & economical targets. Explain to the world which parts of EQ you need. Also outline: which investments you need for which business-results.

This will make you powerful, because you implement a skill the NL-MPs rather forget.

TRUTH-TELLING - when you have absolutely nothing – is the only survival-strategy left. It gives you respect = freedom to move.

Put truth on timelines, together with business facts & lifetime-experiences and you can defend yourself by proving what you have done under certain circumstances.

NL-MPs have all evidence of people removed in NL = genocide by bureaucracy

- **You have to give 'Good-NL-fooks' a little more credit for the fact that they try to rescue you. Now you are being blindfolded by NGOs... I do understand that you assume : 'better something than nothing', but this has changed now Sudan refeuses to recognize authority of ICC, supported by many African-countries.**
- **I know that you have to accept CORRUPT money for shelter, food, raw materials, education, lively hoods. You have to close contracts with people who are in a position to kill you, or you can be killed in a civil war for closing these contracts. Fear. Of course you are afraid of results....**

but when you don't start to level with 'Good-NL-EU-individuals', NL-MPs will stay strong & corrupt.

You have to put your needs on a website!

NATO-top

- Denmark-president Anders Fogh Rasmussen will be the new Head of NATO.
Turkey is right! This will cause disturbances in the Moslim-world.

On my site I write to Egypt about a dirty EU-deal between NL & EU-members for the GAZA-border in Egypt
= NL & EU want to be in controle of that border. NL wants an NEW war between GAZA & Israel.

Egypt responded wisely; they open GAZA whenever its save = NO interference EU at that border.

This example is going to be daily practice, worldwide in NATO-policies
= dirty deals between a few EU-actors to distribution of corruption, hatred & lawless lives.

Whats the bigger plan?

Well...., politicians are low-intelligent person. They do have criminal thoughts & practices...so they manipulate one lie after another... to stay in POWER... Blackmail & bullshitt- photo-sessions to prove 'that they are such a wonderful friends'.

People overhere want good practices like GREEN-ENERGY & social behavior...but we don't get it! We are exlcuded.

The opposition in parliament is excluded of Balkenende & co-dictator-policies too ...and they refuse to implement legal-contructions to stop it... They turn to propaganda, manifestations & strikes. This breaks down our Justice-system, rapidly.

Our financial-system is weak, now corruption is being denied. Corruption will take over here too!

Thus?

Individual NL-MPs play psychopatic power-games. Its the game that counts, not the result.

Death bodies are waste/litter, which can be removed from your computer by one click on the mouse..... NATO will be a Low-intelligent Blackmail & Bullshitt-centre

- Psychology-lesson:
When in EU-politicians call eachother 'Bridge builders' and give eachother jobs because they are 'good Bridge-builders between people'..... this is only meant to cover up for war-crimes exercised by those politicians.

Namely: 'A true good-hearted Bridge-builder will never work for NATO, because NATO is the BEST corrupt distributor of EU-corruption, blackmail-policies for the int. weapon-industry and a demolisher for good lawsystems'.

- A social-behaving politician can work with the media, like I do.
And doesn't need 'Institutions for the performance Power-theater'.

- **Politicians are Low-intelligent persons who have NO COMMUNICATION-SKILLS at all**
 = they bring cliché-talks, one-liners...or emotionless psychology
 = they are afraid of individuals who show their true emotions without vandalism or crime
 = they are too stupid to be a visionair for worldwide NEWSsystems
 = they want to be visonairs in history...

Presidents & Co think highly of themselves because they are part of a system in which they are allowed to work as organized criminals.

They are never tested for their job: NO psycho-therapy, NO psychology-test.

- political parties work with an emotional blackmail-systems towards their candidates
 = when you do as the Boss tells you to, you can become a powerful politician.
 = you have to ignore legal obligations in case of misconduct in parliament
 = when you are confronted with crime of another MP, you come up with a new policy, law or manifestation
 = when crimes are war-crimes you install a new commission to investigate on it
 = you NEVER go to court against one of your 'friends in parliament'
 = you never talk about in-effective laws that do not protect civilians against severe violation of HRs.
 In NL: Nationale Wet Ombudsman & Algemene Rekenkamer = these 2 organisations may check on war-crimes of Mps, but may not stop them now the HR-treaties are left out of these laws.
 = you only talk to the media that protects this system
 = you make sure that NGOs & business abroad follow your thinking-pattern
 = you exclude everybody who wants to change this system
- In NL out politicians 'don't know what HR-treaties contents'
 = they can't even think in legal structures within the courtssystem based on HR
 = they can't clean up the corruption within the lawyers- & notary-practices
 = can't clean up 'retarded police-stations, where police-officers with a lot of self-pitty because they simple don't want to read, write or talk aimed at conflictending & justice'
 = they are too stupid to stop war-crimes in other politicians from other countries

- **Presidents & Co want to be 'Happy dictators'. A new elan for 2009. Worlds' Presidents are civilized because they close friendship with other dictators on TOPs. And they refuse to stop these monsters in courtroom, based on evidence of Simple People.**
These dicators are free to stay dictator because their war-crimes 'only build genocide by bureaucracy'
They fly from one conference, to the next

summit, world-debate... and media... to prove that they are civilized enough to brainwash other dictators with politics.

Result?

- In-effective constitutions like UN & NATO.... and may more...
EU does bring some laws, but its also a war-criminal.
 - Worldwide distribution of corruption & lawless-lives.
 - People, turn away from politicians and come up with their own survival-plans
 - These individuals can't be stopped anymore by Police & Ministry of Defence
 - People remove politicians from their presidency
 - People try to start lawcases against politicians, but rarely succeed
= more street violence
 - A sick VIP-world, in which VIPs torture & kill people because other VIPs torture & kill people too
 - A low-intelligent educational system with corrupt Profs
 - 'sick-making' healthcare-system, due to all the corruption
 - Talks about Social Organizations who are supposed to survive without any structural power to change the system
 - Planet Earth without oxigen in 2039
-
- **NATO is going to be a 'very aggressive institute'...in coöperation with Europol.europa.eu**
 - EUROPOL is supposed to be a Smart Police-office against Organized Intelligent Crime in the Hague, NL.... Training & education.
I emailed them about my ICC-lawcase, of course. NO RESPONS.
Based on the behavior of police-officers here in Haarlem/Schiphol-region I assume 'that they can't read my files & websites'. They don't know that ICC & ICJ stand for. Can't estimate the consequences of: 'The Dutch Supreme Court works like a terrorist and has people with their files disappeared from NL-soil'.
 - NL-police can only build offices, NO knowledge!
= What you saw at the Afghan-top was 'presentation of materials' to prove that NL has an effective police-corps.
= I didn't try it, but I think that I can kill Maxime Verhagen under all circumstances. Top or not. Whatever I do or say, police run away from me.....
Sorry Afghanistan/Pakistan: 'I should have killed the man... and a few other visitors...'
 - INTERPOL is supposed to anticipate on serious war-crimes in EU; they only want to stop criminal individuals, not the criminal politicians. Apparently, INTERPOL kills civilians on command of EU, UN & NATO. Together with EUROPOL?

- An other example of NL-ers complaining about the retarded police-officers we have. UK closes down the country for hatred-mongers like Geert Wilders and violent activists.

Result? They party in NL.
 Our politicians & police-corpses only read laws 'to prove to the people that they can't change a bad situation'.
 More people – like me – build complete files and put them on the desk of a police-corps
 = is the police doesn't need to think anymore
 = they only have to copy text and write the charges for courtroom + arrest the suspects.

Last week, businesses put a complete instruction-file against violent Animal activists on the police-desk. They recieved the message:'We can't do anything for you'.
 So the NL-ers refer to the UK... and ask the parliament:
 'Why can another EU--UK-member stop criminals, while NL can't?'
 The only correct answer is:'People we can implement laws to stop crime, but we want NL to be a Happy Dictatorship to stay out of ICC-prison ourselves'.

Afghanistan/Pakistan....

Now you have an idea of the 'the Highly In-effective NOT-SO-SMART Police-corps' your countries will have soon thanks to NATO, UN, USA...and others...

But this is not all ===== G20-summit =====

- I felt sick watching all those greetings between & photo-sessions of 'Happy Dictators' thinking for solutions against the Financial-crisis.
- Do you know that only Chinese-people say in the media :
 'The G20 is not going to bring anything good for China, needed solutions are boycotted'?
 Reports say:'We felt excitement. Barack Obama was performing well'. BAH.
 The people are poor & lawless... and the media only talks about 'the new elan in politics'.
- Dmitri Medvedev was having a 'good time' with Balkenende & Barack Obama.
 He admits that the G20 is only a new startingpoint for better politics...
 Medvedev supports the war-crimes of NL - also the increase of more lawless people in EU - for his own Russian-economy. Which economy?
 He's NOT smart enough to comprehend 'that he has already build a lot of hatred of Europeans against Russia, because one day it will become clear that he has given Balkenende & co the freedom to build a dictatorship worldwide, together with ICC'.

**Barack Obama is only in office for a few months.
 BUT to me its already clear 'that he can't**

set priorities'.

This presidents speeches beautifully and looks handsome on Blackmail & Bullshit-photo's.... BUT, he wants to be FRIENDS with everybody!!!!???

Look.... Personally, I don't want to be friends with Al-Bashir of Sudan....., but I do strongly believe that he's entitled to a fair trial within ICC, after Balkenende has been brought to ICC-courtroom.

And UN Ban Kimoon has been replaced by a fair-thinking UN-leader.

- Hillary Clinton is NOT Smart enough to work with laws to stop wars OR to anticipate on the outburst of new ones. Her speeches in the media are brainless. Inconsequent. Instable.
- USA only cares for the USA, not for lives of lawless Europeans, although these lives are a trigger to more wars. USA does not want to press Israel into a more fair country with a courtsystem against Hamas, although the people call for this approach of the USA. Pritty stupid!
- The fact that Obama ignores terrorism of the Dutch Supreme Court and war-crimes taking place within ICC, supervised by UN Ban Kimoon...makes clear that he has NO IDEA of life in EU... and the connection with Afghanistan/Pakistan.
- How he values INTERPOL & EUROPOL is 100% unclear. Its irrelevant to him, because he wants to impose his plans on Pakistan/Afghanistan... at any costs... He talks about education & businesses, but has F16s shutt 12 individuals death overthere on the moment he speeches. **NO NUCLEAR WEAPONS!**

Personally..., I don't care if Earth has nuclear weapons or not.

I only want a courtsystem that gives me my funadamental HRs back withing a short period of time, when Presidents have taken these away from me... . Even when this means the EU-leaders have to be put into prison. As you know, I have a completely different point of few on money, budgets & human beings.

How many individuals have to be killed by F16s, before USA accepts 'that they can never win that war, when USA gives Balkenende & Co and ICC freedom to be a war-maker'?

- USA wants to be part of the HR-units within the UN. But Obama keeps UN Ban Kimoon in his powerful position while that leader wants ICC to be a Hitlercourt. On top of this, he wants to prove that USA wants Hrs for everybody. **EVERYBODY HAPPY?**
- Obama wants NATO to invest the money more wisely... Less corruption. But he forgets that the young men who present themselves as 'terrorists/attackers' do not recieve 1 million euro NATO- &

USA-money to build themselves a new residence with in the Karzai-parliament.... or the Pakistan-mountains...

Barack Obama doesn't comprehend how 'the war-makers-system of EU expands its power'

Wordbank group
Global Trade Liquidity Program

Time to stop this Open letter.

My intuition tells me 'that we will have an economical-explosion causing of more lawless-individuals in EU very soon'. Perhaps better said:'an Imposion'', now bureaucracies are free to be serial-killers. People get angry because we loose Talents & Tools.

The network of the 'Happy dictators' will become more visable.

Disturbances....

- **NATO has to be closed down...for ever...So does EUROPOL.**
- **INTERPOL needs to be cleaned up, from EU-political-corruption.**
- **Ban Kimoon needs to be removed from the UN.**
- **ICC needs to be cleaned up, before its too late. Its already too late...**
- **Russia needs to stop its 'new network-building' and start to present its true economy to the world = give foreigners acces to Russia, instead of sending them into EU-death.**
Dmitri Medvedev is afraid of the possible good results of his own good-practices = when he would have stopped ICC and supported me openly, he would have gained LOTS of RESPECT – more individual freedom – on the Worldmarket.
Not authority, but freedom to be EQ-intelligent.
- **Asia needs to 'work with their individual brain, far away from EU-blackmail politics'.**
- **Africa has to close down ICC and clean up NGOs.**
Present local courtsystems to the world.
Mixture Sharia-courts with Western-courts.
I know that Nigeria already works with this practices. And they don't cut off hands of thieves...who are punished by Sharia-law.
- **India has to demand 'transparency of the ICC-activites in public'**
= gaining power . Far away from the UN, EU & NATO
- **Countries like Ukraine, Latvia...and others are on the edge of bankruptcy. Due to the fact that they want to be a member of the EU-blackmail-system, what will never happen because their bureaucracy is not build for it...**
Eastern Europe – now excluded from financial solutions against the crisis – has to start to blackmail EU-members publicly..., by telling the truth about

corruption in the EU.
They are now overruled by NL-warcimes
– while they are members of the Statute
of Rome - , whats a pritty stupid thing to
accept.

- USA has to make a Hollywood-movie
called 'Happy Dictatorships'.

Have a straightforward day,
