NL politicians Frans Timmermans talked with protestors in Kiev, Ukraine.

This is, because the ICC-HCSS lobbyplatform is too violent & big.

He has something to say to the people of Ukraine...and doesn't want others to listen in.

Whatever he has to say, its EVIL.

**EVIL = organize killings in the Ukraine bureaucracy,  
via Police, Lawyers, Courts, Universities, Trade union,  
Businesses, Eurojust, Europol.... politicians**

I started an ICC-lawcase against Timmermans because he had proven to me that he wants ICC to be murder-tool in hands of politicians. In exchange for favourism & corruption.

Timmermans can't handle Putin, like I do.

That disturbs him.

There is something extremely dangerous going on.

Nato starts to behave like a political party in Ukraine.

Nato,OESO , EU all organize together that politicians can kill people via ICC-HCSS-Nato-lobby.

I think the ICC-lobby wants a EU-war, now EU-leaders & bodies can no longer hide the fact that ICC-refuses to put EU-leaders in prison, based on a file of a Dutch woman = Me.
