**Ik leg uit in het Engels HOE in NL de Elite mag moorden.
 Ik gebruik Anass als voorbeeld voor manipulaties in de Juridische bureaucratie.**

Mayor of The Hague Jozias van Aartsen is free to murder, which is organized by the ICC.
 The Elite-murder-group in NL is so powerful that they want to World to know 'that they are free to torture and make people disappear whenever they feel like it'.

Foreigners who want to be a member of the Elite-murder-platform can contact:
