Dutch Royal family visits Estonia in may 2008 for an official State-banquet

24 april 2008

Dear Reader,

I informed you on my ICC-case against hostcountry the Netherlands a long time ago, so you would have time to prepare yourself for the official State-visit of the NL Royal family to Estonia in may 2008.

Letters to Queen Beatrix 2005 & 2006

Today I give you 2 letters send to Queen Beatrix in 2005 & 2006 about the growing dictatorship NL. Up till now, I did send the letters to ICC on 1 may 2007 but did not publish them on my sites. I publish these letters today, because I feel the World needs to know 'that the Dutch Royal family has no trouble turning state of law NL into a dictatorship'. Over the past years, more individuals have been in the media explaining that their letters /evidence - forwarded to Queen Beatrix - about their lawless position on our community are being ignored. These individuals were misinformed by lawyers, universities & media about the possibility to start a lawcase against members of parliament for stopping dictatorship NL, to demand human rights with. Like I do. These people must still be lawless today..., Like I am.

Presidency & Office of Prosecutors of ICC are not intelligent enough to deal with my lawcase. Hopefully, my open letter 'ICC is a concentrationcamp' will wake them up. If it doesn't, I shall send an objection against the violation of human rights within OTP to the Prechamber-judge of ICC and demand a verdict in which is stated: 'OTP has to acknowledge victim Desiree Stokkel as a human being with rights... and is obliged to inform her on investigations & proceedings of OTP/Registry related to her file'.

What if this doesn't contribute to conflict-ending either? You already know the answer.... So called 'terrorists' shall start to blackmail NL: members of parliament, government, embassies, business, media...enz.... Aware of the fact that they can't be brought to ICC-prison for their 'acts of terrorism'. Amen!

The Dutch Royal family must be punished for their thinking- & behavioral-pattern.

I want you to exchange the Haute Cuisine planned for the State-banquet for Queen Beatrix & Co in Tallinn into a NL tourist menu: 'Patat met mayonaise, kroket, sla & appelmoes'.

And of course, I want you to minimize all VIP-arrangements during the State-visit; the Netherlands is no longer a State of law, after all.

Do you have a prof Law of a therapist intelligent enough to rescue me from ICC available? Please, send them to me.

Have a nice day,
