## Open Brief / Open Letter

to

- **Kremlin** -

### Kremlin must accept new Startingpoint Social Intelligence

12 august 2009

#### Dmitri Medvedev & Vladimir Putin,

DM, tomorrow you will receive a more private letter from me.  
Your woman at home may read it; rather not your staff.  
You may discuss it with everybody.

I want to help you visualize Social Intelligence.  
Therefore I have to upgrade in your brain first, but you are too far away... to get acces directly...  
We miss eye-contact in the atmosphere.  
I can't write the letters on my mind, now I need close interaction for psychotherapy  
= I always write something else than I intend to note down....

#### So this is what I want you to do:

'Keep all my private letters seperated from your office, because they are all handwritten – what will have a stronger impact on your brain than one of my web-letters -'.

I'am aware of the fact 'that you try to do everything I ask you to...'  
= you do work more with psychology...and try not to be a Voice-over president  
= Putin suddenly starts to publish his work on his website in English....and he even tries to be kind-hearted....  
= and you even brought the Georgie-file to ICC

But .....O man..., 'I want to take revenge on you,  
for not being social to me... while having 'a good time with Balkenende & Co...!'  
Ask Gods & Goddesses to make you sleep on the sofa...in the garden...far away from Earth...  
Nóóóóóó.... you may not bring your woman; this one is between you & me.

**You really MUST do as I instruct; I can already see in which direction EU-media will head**  
Riots from Russia. NL-media responds aggressively on the RU-Ukrain-relationship

### Your new Startingpoint Social Intelligence

#### Address Earth with

- I can only be a Human being and live my own life.
- If you want something to happen on Earth, explain what you want to happen...
- You can only be an individual... and fulfill your own tasks
- I can instruct you on 'how to do your job and live life'.

**Don't panic, now I want you to do something unusual....**

**You have a misconception on 'modesty'.  
You exclude the Brain-program-skill, because you are too afraid of violence in respond to it.**

Never be too afraid to instruct mankind.

## **Yesterday, you were in all my moods constantly – and I found some conclusions -.**

- You want to forget history and build the future, but are forced to fight memories & behavior of others who do refer to history.

Stop fighting!

Galaxy is with you = you must ignore history and actually build future = just ignore it.

- You must become more 'Down-to-Earth', while you address the people. Worldwide. You can only be yourself and share your lifetime-experience with others. Hopefully they will learn something from it on their own initiative.

Here's what you **MUST** accept, exercising the Brain-program-skill

You want people to learn from your experience, so you have to say:

'I can only be Myself and I want you to learn from my lifetime-experience on your own initiative.

Live becomes much more Easy-going, when you don't fight everything I put on the table....and you try to implement it in your own life'.

Of course, people will accuse you of being arrogant.

But then you ask them:'Which lifetime-experiences of you, do you want me to try'?

Of course, you can't implement millions of other lifestyles, but you have found a startingpoint for a non-violent conversation = you have started to build future in columns for you & me.

Every individual has his/her own Timeline for Life.

As a president you must place people – back – on their own Timeline.

Demand that they make visible 'how they build their own Timeline for Future'.

### **All moods come with Timelimits.**

- Love, hatred, intelligence, determination, wishes, longings, being 'down-to-earth'... enz...  
....have a startingpoint + end of the line....

You want to put 'people's mind at ease', so you make them acknowledge their moods on their Timelines. Because you want them to work with school-agenda's, you must say:

'I need you to put your moods in a school-agenda, so we all can compare our individual EQ-growth. A trigger to longlasting Peace....'.

When you do not instruct people on 'to make their moods visible & touchable – within a legal context – it is not going to happen'.

People get lost in their fantasy, history, fears, lazy-wishes ...and anger...

### **Sóóóóóóóó?**

#### **The schoolyear 2009/2010 starts next week**

- **buy yourself a schoolagenda and note down your moods**
- **program your possibilities, following from those moods in connection with the everyday-life-agenda.**

Evaluation of Evolution

## **DM..., I feel that its your task to make the job 'President' an anchor for a human being....**

**I know... I want you to slide down the gletsjer taking the risk that you will fall into a gap, freezing to death – but preserved for historybooks in the year 3000 -.**

**[ You have to admit; its HD-quality Evolution & Evaluation. Unique experience in itself!]**

**Talk to Mother Nature & Galaxy, you'll be guided if you want to...**

**Afterwards, talk to the people..as if you are an individual.**

### **Have all days in my EQ,**
