Vladimir Putin,

<http://en.rian.ru/world/20130806/182596542/Obama-to-Decide-on-Summit-with-Putin-in-Coming-Days.html>

I instructed you to cancel the G20 for reasons of security.

You refuse to think & behave like an intelligent person – president –.

G20 weakens the security of individual Businesses.

And on top of that we get bullshit-articles, like the one I linked.

Putin, you don't behave like a president who wants the Business-world to be aware of NSA-CIA-danger & to be protected under NSA-CIA.

You – and all other politicians – apparently are indifferent about the fact 'that everybody spies on everybody, what is unfair competition to the advantage of USA. And its torture, now nobody can go to court anymore because USA is reading files & listening to phonecalls'.

Especially now USA turns all the informations they collect into war. Into more corruption inside SecretServices, police, EU, UN, courts & lawyers-offices.

You refuse to protect Earth against torture & unfair competition.

And something else....

When you would have cancelled the G20 2 weeks ago, you would have forced Obama to work more legally correct.

This is how you build the Timeline for Justice.

But you Presidents dont'want justice, you enjoy to torture & murder people, to demolish Earth.

The only thing politicians & NGOs want it to destroy mankind & demolish Earth.

Putin, Cancel G20 if compagnies are suppose to survive on No Privacy Earth!

First, USA must be brought to the International Court of Justice where they prove to every country on Earth that USA implement & conduct the UN-charter, Lisbon-treaty, Torture-treaty, all other treaties.
